1. DISTRICT ANALYSIS

1.1 District Background

Nevada Irrigation District (“NID”) established Assessment District No. 2008-1 (Rodeo Flat) (“District”) in 2008. NID issued the “Limited Obligation Improvement Bonds, Assessment District No. 2008-1 (Rodeo Flat), Nevada Irrigation District” (“Bonds”) to fund certain improvements within the District. The improvements consist of booster pump station, a future water storage tank, water distribution pipelines (water mains), and related appurtenances, including fire hydrants. The new treated water facilities will be available to 36 parcels in the District. All parcels will have frontage on one of the water mains and all will have the opportunity to connect to the main. The intent of this project is to provide residential water service to each parcel that can be served by the facilities and to install additional capacity to allow NID to extend the facilities to serve parcels that lie beyond the District boundary.

In addition to the improvements for the District, NID received inquiries from property owners interested in financing the Drop-In Fee and Capacity Charge (“Connection Fees”). The Connection Fees pay for the treatment plant, storage, pump stations, and water transmission mains that will deliver the treated water to the new distribution lines. To accommodate those wishing to finance the Connection Fees, NID allowed property owners the option to finance the Connection Fees prior to Bond issuance. Property owners desiring to finance the Connection Fees added an additional \$6,888.04 to the approved special assessment of \$24,166.67, resulting in a total special assessment amount of \$31,054.71. NID received 13 property owner requests to finance the Connection Fees for a total Connection Fee amount of \$89,544.52. In addition, 11 property owners chose to prepay the assessment prior to the issuance of debt.

For internal tracking purposes, Appendix B of this report provides both the combined debt service schedule for the District, as well as debt service schedules that separate the total Connection Fee amount from the remainder of the District’s debt.

The District matures with the final scheduled debt service payment on September 2, 2033.

1.2 Levy

NID levied the Fiscal Year 2020/21 assessment on 23 parcels for a total of \$46,833.82.

1.3 Funds

NID completed the District’s improvements and closed the Improvement Fund.

A surplus of approximately \$11,900 exists in the Redemption Fund after meeting the September 2, 2020 debt service payment and Fiscal Year 2020/21 estimated administrative expenses. NID should verify the fund balance and use the available surplus to call bonds ahead of scheduled maturity.

The Special Reserve Fund balance currently exceeds the Reserve Requirement. NID will hold the difference between Reserve Requirement and the IRS Size Limitation in the Redemption Fund to be used for future allocation of prepayment credits to the levy.

1.4 Delinquencies

As of June 30, 2020, there were no delinquent parcels. NBS will continue to monitor delinquencies within the District and recommend delinquency management actions, as needed.

- (2) The Reserve Requirement is the amount calculated for the initial proceeds less any amounts transferred to the Redemption Fund pursuant to Section 8884 of the Streets and Highway Code as a prepayment credit.
