

Staff Report

TO: Board of Directors

FROM: Sandra Dunlap, Finance Director
Cory Cyr, Budget Analyst

DATE: February 28, 2024

SUBJECT: Budget to Actual Reports – FY 2023 Q4, For the period to date ending December 31, 2023

FINANCE

RECOMMENDATION:

Receive and file.

BACKGROUND:

Please find attached the Budget to Actual Reports for the period to date ending December 31, 2023, which includes the following reports:

1. Budget to Actual by Fund Summary
2. Budget to Actual by Fund and Department Summary
3. Revenue Budget to Actual by Fund Detail
4. Expenditure Budget to Actual by Fund Detail
5. Expenditure Budget to Actual by Fund and Department Detail
6. Capital Projects Activity

The budget reports presented encompass “preliminary” results for the fourth quarter (Q4) of the fiscal year ending December 31, 2023. The year as reported in the enclosed reports remains open for financial transaction entry through the annual close process and in preparation for the annual audit.

The District’s annual audit is scheduled for April 29 – May 3, 2024. As we approach that date, we will keep the Board apprised of the FY2023 budget performance.

As such, the preliminary budgetary reports presented do not include all revenue accruals earned in Q4 but received in 2024, all of which will be adjusted manually prior to the close of the year.

Similarly, expenses reported do not include all accruals due to the absence of expenses earned in Q4 but paid in the new year 2024. These entries will be adjusted through the annual close and reconciliation process after which final Q4 BTA Reports will be issued to the Board.

REPORT SUMMARY:

Budget to Actual by Fund Summary

The Budget to Actual by Fund Summary presents the District's revenue and expenditures by Fund. This report is helpful to gain insight into the organization's overall budget performance, as well as the performance of each of the District's funds.

Through the end of the fourth quarter, the District has received revenues totaling \$80,785,007 or 105% of budget. Transfers-in were recorded at 99% of budget and total Inflows for the District total \$101,560,265, equivalent to 104% of the annual budget.

At the close of Q4, outflows totaled \$84,772,221, or 84% of budget. Total expenditures reached \$63,995,133 with encumbrances totaling \$3,975,086, bringing District appropriations to a total of 81% of budget. Transfers-out totaled 100%.

Items on the report that may require further explanation are noted below:

1. The report shows expenditures, encumbrances, and transfers separately.
2. The FY 2022 column has been updated with audited numbers. The 2022 Internal Service Fund 70 expenditures are now reported at 69% of budget as costs were less than anticipated. Transfers out are a return of transfers in from other funds that were not spent, and thus returned to the fund of origin. Please note that the district continues to move districtwide expenditures to the Internal Service Fund 70, and a full cost allocation study is anticipated to be complete in FY2024.
3. All transfers in are recorded per the approved annual budget but may be changed to reflect actual expenditures at year-end.

Budget to Actual by Fund and Department Summary

The Budget to Actual by Fund and Department Summary is helpful in gauging budget performance by department in summary format. This report details total

outflows of \$88,747,307; including: \$3,975,086 in encumbrances and \$20,777,087 in internal transfers, bringing total expenditures to 84% of budget.

Expenses in this report are higher than the expenses reported in the by Fund report, because the expense total in this report includes encumbrances in the expense total which are not included in the by Fund report total. If you deduct those encumbrances, the total expenses reported by department matches the total expenses reported by fund. While this difference between reports does not change the analysis, it is important to understand when comparing the by Fund and by Department Reports, ensuring that they match.

Items on the report that may require further explanation are noted below:

1. Water Fund 10
 - a. 10131 Cashiering Department is reporting 54% of budget expenditures primarily due to salary savings from vacancies not filled.
2. Internal Services Fund 70 reports overall expenditures at 78% of budget for all departments. Transfers in have been recorded to fund the budgeted level of expenditures and will be returned from the originating funds if total expenditures are less than budgeted. This calculation will be made when the year is closed.

Revenue Budget to Actual by Fund Detail (Revenue Status Report)

The Revenue Budget to Actual by Fund Detail is generated by the District's accounting software and reports detailed revenue by Fund. The system name for this report is "Revenue Status Report", and it's filtered to provide budget to actual information by fund.

This report is helpful in answering questions about specific revenue types and their budget performance and is the source of revenue information reported in the revenue summary report.

Please note that it is normal for revenue to be received inconsistently throughout the year. This is due to the following reasons:

- Recreation Fund 30 revenue is reporting 118% of budget due to fully reopening after COVID and the approved 10% rate increase that was not included in the 2023 budget.
- Hydro Capital Fund 55 is reporting at 137% due to a one-time increase in revenue for insurance claims for damaged vehicles from the storms.

Total revenue and transfers-in reported in this report for the period ending December 31, 2023, reported 104% for a total of \$101,560,265.

Expenditure Budget to Actual by Fund Detail (Expenditure Status Report)

The Expenditure Budget to Actual by Fund Detail Report is generated by the District's accounting software and reports detailed expenditures by Fund. The system name for this report is "Expenditure Status Report", but it is filtered to provide budget to actual information by fund.

This report is helpful in answering questions about specific expenditure types and their budget performance by fund and is the source of expenditure data reported in the by fund summary reports.

Total expenditures and transfers-out reported 84% for a total of \$84,772,221, with total encumbrances of \$3,975,086.

Expenditure Budget to Actual by Fund and Department (Budget Control Status Report)

The Expenditure Budget to Actual by Fund and Department Report is generated by the District's accounting software and reports detailed expenditures by Department. The system name for this report is "Budget Control Status Report".

This report is helpful in answering detailed questions about departmental budget performance, including specific expenditure categories by department and their budget performance. This report is the source of data used in preparing the departmental summary reports.

Total expenditures and transfers-out reported total \$88,747,307, with total encumbrances of \$3,975,086, totaling 84% of budget. This report includes encumbrances in total expenditures, in addition to reporting them separately.

Budget to Actual by Capital Project

The Budget to Actual by Capital Project is an off-book summary of capital expenditures that is used annually for the purpose of capitalizing constructed assets. The expenditure totals differ from the capital expenditures reported by fund because this summary includes the cost of staff time. Staff time is budgeted as an operating expense and is therefore not budgeted in the capital funds (15, 35, and 55). However, capitalization of an asset does allow for the inclusion of staff time and as such, the data is tracked separately from the general ledger.

The summary shows total FY23 expenditures to date of \$7,515,117 or 72% on a budget of \$10,437,520.

BUDGETARY IMPACT:

None.
