SUBJECT: Budget to Actual Reports – FY 2024 Q1, for the period to date ending March 31, 2024

FINANCE

RECOMMENDATION:

Receive and file.

BACKGROUND:

Please find attached the Budget to Actual Reports for the period to date ending March 31, 2024, which includes the following reports:

1. Budget to Actual by Fund Summary
2. Budget to Actual by Fund and Department Summary
3. Revenue Budget to Actual by Fund Detail
4. Expenditure Budget to Actual by Fund Detail
5. Expenditure Budget to Actual by Fund and Department Detail
6. Capital Projects Activity

The budget reports presented encompass results for the first quarter (Q1) of the fiscal-year ending March 31, 2024.

Total inflows as of the first quarter total \$35,487,183, or 33% of budget. Outflows as of the first quarter totaled \$36,781,796, or 38% of budget.

Report Summary:

Budget to Actual by Fund Summary

The Budget to Actual by Fund Summary presents the District's revenue and expenditures by Fund. This report is helpful to gain insight into the organization's overall budget performance, as well as the performance of each of the District's funds.

Through the end of the first quarter, the District has received revenues totaling \$16,033,624 or 21% of budget. Transfers-in were recorded at 59% of budget and total Inflows for the District total \$35,487,183, equivalent to 33% of the annual budget.

At the close of Q1, outflows totaled \$36,781,796, or 38% of budget. Total expenditures reached \$17,328,236 with encumbrances totaling \$6,819,542, bringing District appropriations to a total of 38% of budget. Transfers-out totaled 59%, or \$19,453,559 on a budget of \$32,812,080.

Items on the report that may require further explanation are noted below:

1. The report shows expenditures, encumbrances, and transfers separately.
2. Funds 21 Cement Hill and 22 Rodeo Flat typically receive property tax revenues after the first quarter, which is why they are proportionately low compared to budget at the end of Q1.
3. All budgeted CIP amounts have been fully transferred for the year causing transfers-in and transfers-out to be proportionately high compared to budget at the end of Q1.
4. All transfers in are recorded per the approved annual budget but may be changed to reflect actual expenditures at year-end.

Budget to Actual by Fund and Department Summary

The Budget to Actual by Fund and Department Summary is helpful in gauging budget performance by department in summary format. This report details total outflows of \$43,601,338; including: \$6,819,542 in encumbrances and \$19,453,559 in internal transfers, bringing total expenditures to 38% of budget.

Expenses in this report are higher than the expenses reported in the by Fund report, because the expense total in this report includes encumbrances in the expense total which are not included in the by Fund report total. If you deduct those encumbrances, the total expenses reported by department matches the total expenses reported by fund. While this difference between reports does not change the analysis, it is important to understand when comparing the by Fund and by Department Reports, ensuring that they match.

Items on the report that may require further explanation are noted below:

1. The Water Fund 10 Administration Department is reporting 60% of budget expenditures spent due to budgeted CIP being fully transferred and bond principal being paid in full for the year.
2. The Water Capital Fund 15 Operations Department is reporting 80% of expenditures spent, due to encumbrances for budgeted vehicle purchases.
3. The Internal Services Fund 70 Administration Department is reporting expenditures at 55% of budget due to paying 50% of the annual insurance expenses.

Revenue Budget to Actual by Fund Detail (Revenue Status Report)

The Revenue Budget to Actual by Fund Detail is generated by the District's accounting software and reports detailed revenue by Fund. The system name for this report is "Revenue Status Report", and it's filtered to provide budget to actual information by fund.

This report is helpful in answering questions about specific revenue types and their budget performance and is the source of revenue information reported in the revenue summary report.

Please note that it is normal for revenue to be received inconsistently throughout the year. This is due to the following reasons:

- Capacity Fund 12 revenue is reporting at 31% of budget. These revenues fluctuate based on the number of new customers.
- Recreation Fund 30 revenue is reporting 34% of budget because much of the revenue is collected at the beginning of the year when reservations open.
- Hydro Fund 50 revenue is reporting at only 15% of budget which is consistent with prior years through Q1. Power Generation is typically lower during the first half of the year and Hydro revenue is accrued and reported 1-2 months behind.

Total revenue and transfers-in stated in this report for the period ending March 31, 2024, reported 33% for a total of \$35,487,183.

Expenditure Budget to Actual by Fund Detail (Expenditure Status Report)

The Expenditure Budget to Actual by Fund Detail Report is generated by the District's accounting software and reports detailed expenditures by Fund. The system name for this report is "Expenditure Status Report", but it is filtered to provide budget to actual information by fund.

This report is helpful in answering questions about specific expenditure types and their budget performance by fund and is the source of expenditure data reported in the by fund summary reports.

Total expenditures and transfers-out reported total \$36,781,796, with total encumbrances of \$6,819,542.

Expenditure Budget to Actual by Fund and Department (Budget Control Status Report)

The Expenditure Budget to Actual by Fund and Department Report is generated by the District's accounting software and reports detailed expenditures by Department. The system name for this report is "Budget Control Status Report".

This report is helpful in answering detailed questions about departmental budget performance, including specific expenditure categories by department and their budget performance. This report is the source of data used in preparing the departmental summary reports.

Total expenditures and transfers-out reported total \$43,601,338, with total encumbrances of \$6,819,542, totaling 38% of budget. This report includes encumbrances in total expenditures, in addition to reporting them separately.

Budget to Actual by Capital Project

The Budget to Actual by Capital Project is an off-book summary of capital expenditures that is used annually for the purpose of capitalizing constructed assets. The expenditure totals differ from the capital expenditures reported by fund because this summary includes the cost of staff time. Staff time is budgeted as an operating expense and is therefore not budgeted in the capital funds (15, 35, and 55). However, capitalization of an asset does allow for the inclusion of staff time and as such, the data is tracked separately from the general ledger.

The summary shows total FY24 expenditures to date of \$608,130 or 5% on a budget of \$11,812,295. The low percentage of expenditures is typical for the first half of the year because construction activities typically do not occur until the summer and fall months.

BUDGETARY IMPACT:

None.
