See [Summary of Benefits](#) for more details. EOE

APPLICATION PROCEDURE & DEADLINE:

A completed [Nevada Irrigation District Internal Application](#) must be submitted to be considered for this position. Applications may be hand delivered, mailed or emailed to hr@nidwater.com. A resume and cover letter are strongly encouraged. Applications must be received **no later than Friday, July 26, 2024, at 5:00 p.m.**

JOB OVERVIEW:

To perform a variety of semi-skilled mechanical duties related to the operation of the District's hydroelectric generation facilities, dams, reservoirs, flumes and related facilities; to operate light to heavy construction and maintenance equipment in support of activities related to the construction, maintenance and repair of hydroelectric facilities; and to ensure work is performed in a safe manner. Employees at this level only receive occasional instruction or assistance as new or unusual situations arise and are fully aware of the operating procedures and policies within the work unit.

GENERAL QUALIFICATIONS and SPECIAL REQUIREMENTS:

Any combination of experience and education that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

- Experience:**
- Hydroelectric Maintenance Technician I:** Two years of progressively responsible experience in the operation and maintenance of distribution facilities and hydroelectric plant facilities involving the operation of light to heavy construction and maintenance equipment.
 - Hydroelectric Maintenance Technician II:** Two years of progressively responsible experience in the operation and maintenance of distribution facilities and hydroelectric plant facilities involving the operation of light to heavy construction and maintenance equipment or two years of responsible experience similar to Hydroelectric Technician I with the Nevada Irrigation District.
- Education:** Equivalent to completion of the twelfth grade supplemented with industrial or construction maintenance coursework, apprenticeship or certification.
- License:**
- Hydroelectric Maintenance Technician I:** Possession and maintenance of a valid Class A driver's license is required. Possession of certification as a Certified Crane Operator within one year of appointment. Possession of certification as a forklift operator within one year of appointment.
 - Hydroelectric Maintenance Technician II:** Possession and maintenance of a valid Class A driver's license is required. Possession of certification as a Certified Crane Operator. Possession of certification as a forklift operator.
