

Q. *What if I change banks?*

A. If you plan to change banks, please call (530) 273-6185 promptly. Then, you simply complete and sign a new Authorization Form and attach a voided check from your new account.

Q. *What if I want to cancel the electronic funds transfer?*

A. Anytime you wish to stop the automatic payment, you may do so in writing the NID Customer Service and asking that your account be removed from electronic funds transfer.

Q. *Why does NID offer electronic funds transfer?*

A. First and foremost, it is convenient for our customers. In addition, payments are made in a timely manner. Finally, electronic payments reduce administrative costs, thus helping to keep rates down.

Q. *How do I sign up?*

A. You will need to complete the Authorization Form, attach a voided check and mail or deliver it to the NID Customer Service. NID will then make the necessary changes to your water account and send the information to your bank. Enrollment may take up to one full billing cycle, so remember to keep making payments until you receive the confirmation message on your utility statement. When you receive the first

bill which reads *"This amount will be paid by electronic transfer"* you will know you are on electronic funds transfer.

Q. *Why do I need to attach a preprinted, voided check to the enrollment form?*

A. Attaching a pre-printed, voided check is required to ensure all bank account information is correct. It helps to avoid mistakes which may slow down the process.

Q. *What is the cost to me?*

A. There is no cost to the customer.

I hereby authorize Nevada Irrigation District to deduct funds from my account at the above indicated financial institution **to pay my water bill 14 days after the bill is issued**. I understand that I may stop electronic funds transfer service by notifying Nevada Irrigation District and my financial institution in writing one month prior to my next billing cycle. If necessary, my financial institution may also discontinue participation. I further understand that if two payments are returned because of insufficient funds within a twelve-month period my participation in the electronic funds transfer program may be automatically cancelled. Additionally, payments returned due to insufficient funds are subject to return check fees and late payment penalties.

By authorizing transfer of funds from my account, I acknowledge that payment of my water bill remains my sole responsibility. I agree and understand that Nevada Irrigation District cannot be responsible for any failures of my financial institution to transfer funds, my failure to maintain sufficient funds in the paying account, or for any failure of transfer due to problems arising from the electronic funds transfer system.

Q What is electronic funds transfer?

A. Electronic funds transfer is authorization that you give NID to electronically charge your bank account to pay your water bill. You give authorization one time, and from then on your water bill will be paid automatically.

Q. How do I benefit from the electronic funds transfer?

A. It saves worry, aggravation and money. You no longer have to worry about getting your check written, mailing your payment or driving to pay the bill. The bill will always be paid on time even when you are away from home, so you never have to worry about your water being turned off or incurring late charges. You will save postage and fuel costs and you do not have to write as many checks. You never have to get out in bad weather to pay your bill nor do you have to worry about your payment getting lost in the mail.

Q. What do I do if I have a question about my bill?

A. Each bill you receive will be marked "This amount will be paid by electronic transfer." You have seven days after the bill date to call NID Customer Service at (530) 273-6185 to discuss any concerns. If needed, we can correct the bill before it is sent to the bank and drafted from your account.
